

Agenda

Item 1 | Welcome & Roll Call

Item 2 | Approval of Draft Minutes

Item 3 | State Agency Report Out

Item 4 | ICARP Updates

Item 5 | OPR's Wildfire Planning Technical Assistance

Item 6 | ICARP TAC Workgroup Updates

Item 7 | General Public Comment

Item 8 | Closing, Future Agenda Items, and Meeting Adjourned

CDI – ICARP Insurance Subgroup

Formed CDI / ICARP Partnership in April

- Jason Greenspan & Andrea Ouse (ICARP)
- Katelyn Roedner Gardner & Serena Sowers (Climate Change Insurance Workgroup)

1st Subgroup Mtg - June 3, 2020

- Developed SOW (3-step process)
- Identified questions to address
- Proposed products

CDI – ICARP Insurance Subgroup | Step 1

Step 1: Insurance Primer

- How do insurers and reinsurers approach climate risk at the local and regional level? How do they approach mitigation of that risk and how could risk be addressed differently in the future?
- How does insurance work?
- What does insurance do and not do?
- What are indemnity vs parametric concepts?
- What happens when you cannot find insurance?
- How is insurance priced?
- To what extent do insurers consider issues of equity and social justice?
- What tools and factors do insurers use to develop their risk thresholds?
- How can insurance apply to landscape risk mitigation?

CDI – ICARP Insurance Subgroup | Step 2

Step 1: Insurance Primer

- How do insurers and reinsurers approach climate risk at the local and regional level? How do they approach mitigation of that risk and how could risk be addressed differently in the future?

Step 2: Planning Primer

- How do local and tribal governments approach climate risk at the local and regional level? How do they approach mitigation of that risk and how could risk be addressed differently in the future?

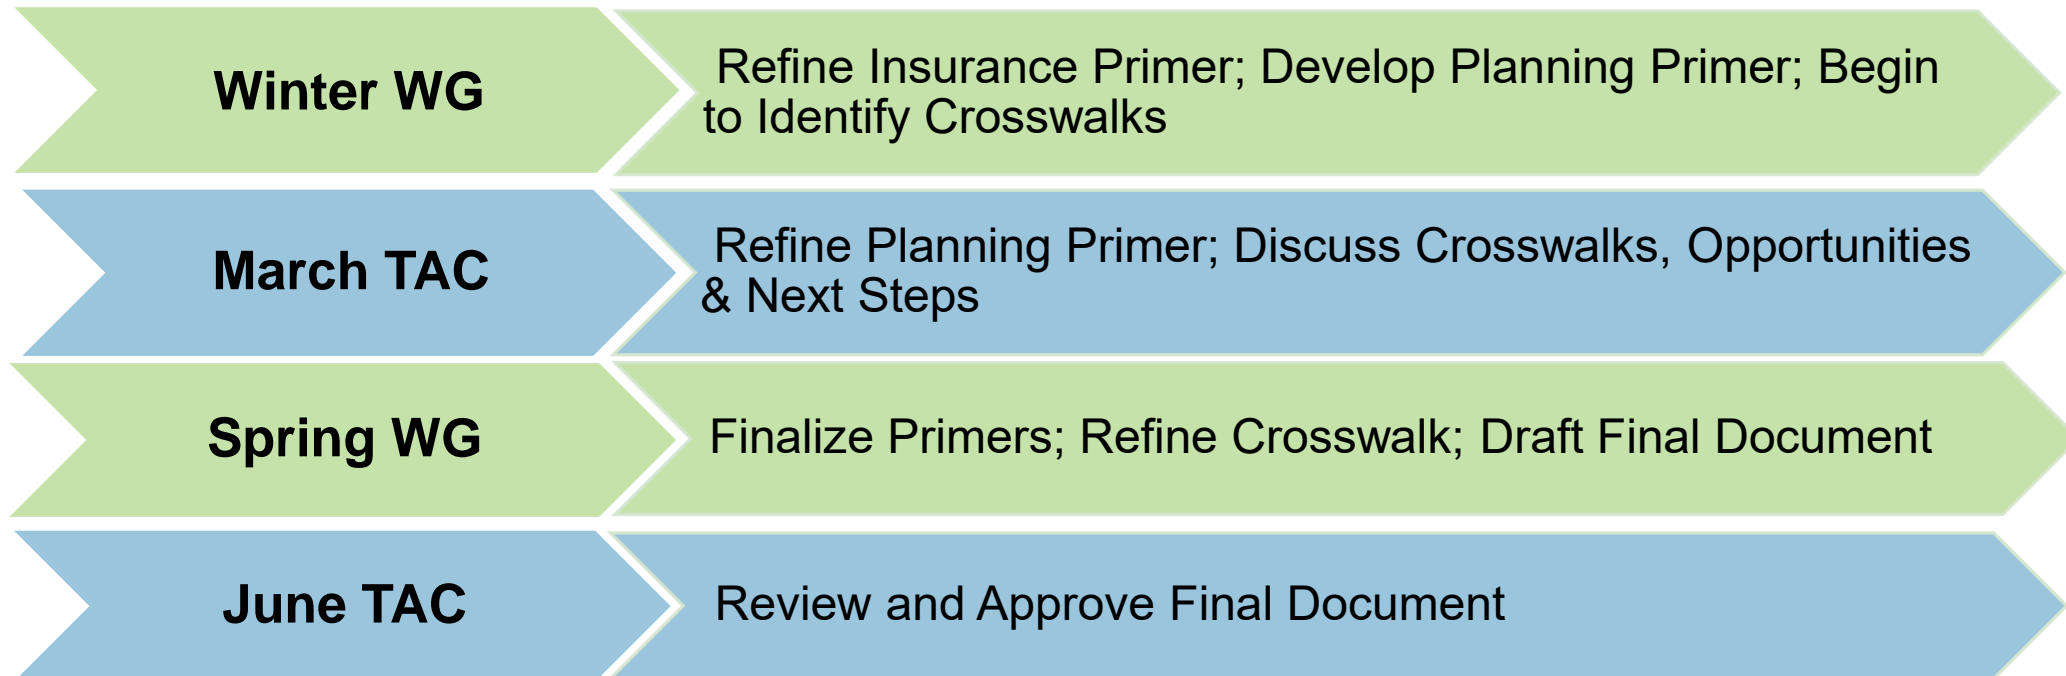

CDI – ICARP Insurance Subgroup | Step 3

Step 3: Crosswalk, Opportunities and Data/Research needed

- How can local, state, and tribal governments leverage existing insurance products and policies to advance climate mitigation and adaptation efforts?
- What can be done to improve implementation of community-scale adaptation actions?
- How can adaptation and resilience measures at scale provide improved insurance coverage and affordability?

Insurance Subgroup Work Flow

Insurance Subgroup | Discussion

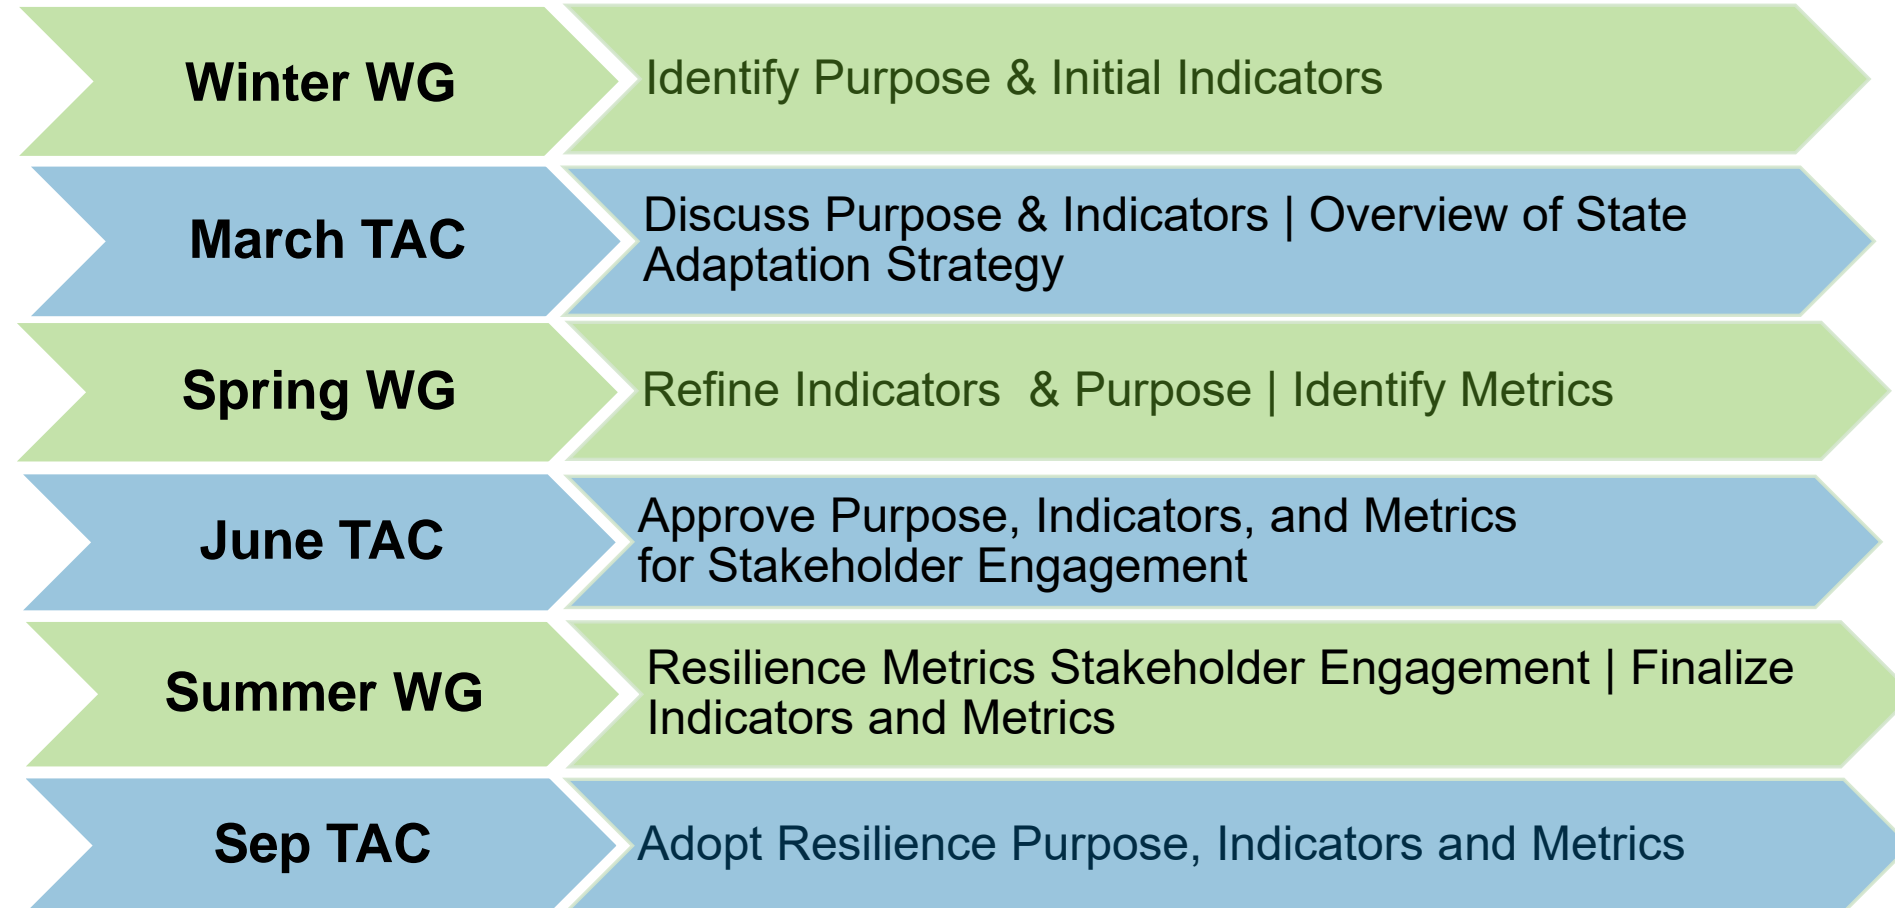

ICARP Resilience Metrics

- **Initial Workgroup Meeting - June 10, 2021**
 - Discussion on definitions | indicators & metrics
 - Discussion on appropriate scale
 - Identified gaps and challenges
 - Start with systems approach | built, natural, social systems
- **Initial Research**
 - Definitions of indicators and metrics
 - Review of existing state resilience/climate metrics
 - Review of literature and field work/studies
 - Resilience metrics gaps

ICARP Resilience WG 2021 Meetings

ICARP Resilience Metrics Moving Forward

- Working Group meeting
 - Jan. 20, 2021 – 10am – 12pm
- Pre-Meeting Survey*
 - What are the outcomes you think are important for measuring resilience?
 - What resilience metrics do you have in your own work?
 - What metrics have you seen in the field that you think are appropriate?

**Please note: responses will be public and posted online*
